

ECO 60 HD

- Ideal for drinks cans and bottles
- Bale weight output up to 50kg
- Fits up to 1600 drinks cans in one bale
- Retaining Claws to reduce spring back
- Fully automated bale ejector: simplifies removal of bale
- Cross tying system
- Simple and easy to use

The 60HD is perfect for aluminium cans and PET bottles, but will also bale cardboard and plastic. The 60 HD has a cross wrapping tying system to hold difficult material in the bale. The 60 HD has a simple up-down lever system making it very user friendly. It is fitted with retaining claws to reduce spring back and the fully automatic bale ejector makes ejection clean, simple and easy to operate.
